Vacuum Firing

by KENNEDY

*for Greater Strength and Beauty in
Porcelain Jacket Crowns*

We have received so many fine comments from dentists in recent weeks complimenting us on Vacuum Fired Porcelain restorations, and so many inquiries for a brief explanation of the advantages of the process, we are taking this means of replying. . . In the conventional manner of firing, porcelain traps air as it fuses, and the application of heat expands the air to create minute pits, pores or air pockets, thus—

Air expansion with heat

Under a microscope, you can see that conventional fired porcelain is apt to be honey-combed; there is less material, less strength. . . . When the air is removed from the atmosphere in a given area such as a vacuum firing porcelain furnace, molecules of porcelain fill the space in a jacket crown previously occupied by the air that was removed.

Air removed. Contraction rather than expansion

Considerably greater strength from a greater volume of material is the natural result. It is just like saying that ten men shoulder to shoulder have greater strength than five men separated.

The extreme density of vacuum fired porcelain produces a natural matching effect with remaining teeth. The absence of minute spaces avoids the refractory effect of light on porcelain and affects a "solid" shading in keeping with the natural tooth structure. . . . You'll find that it pays to have your porcelain restorations Vacuum Fired in this manner by Kennedy. They are much stronger, more pleasing in every way. Call us today.

ASSOCIATION PLAN

Accident and Health Insurance

THIS IS THE ONLY PLAN OF ACCIDENT AND HEALTH INSURANCE ENDORSED OR
APPROVED BY THE AMERICAN DENTAL ASSOCIATION

Representation at booth 323, Chicago Dental Society
Midwinter meeting, February 7-10, 1954.

• • •

BRIEF OUTLINE OF COVERAGE

- | | |
|-------------------------------|---|
| Accident Benefits | —Full monthly benefit for total disability, from FIRST DAY, limit 60 months. One-half monthly benefit for partial disability, limit 6 months. Limit of time for total and partial combined 60 months. |
| Sickness Benefits | —Full monthly benefit for total disability commencing with Eighth day of disability, limit 24 months, house confinement not required. |
| Individual Termination | —The insurance of each insured member will continue in force concurrently with the group policy and will only be terminated by reason of any of the following conditions: <ol style="list-style-type: none"> a. If the group policy is terminated. b. If the insured member fails to pay the required premium. c. If the insured member ceases to be a member of the American Dental Association. d. If the insured member retires or ceases to be actively engaged in the dental profession. |

• • • • •

PREMIUM RATES

(Applicable to ages at entry and attained at annual renewal of insurance)

Monthly Benefits	Accidental Death Benefit	Dismemberment Benefits	Ages Up To 50	SEMI-ANNUAL RATES			Ages** 65 to 70
				Ages 50 to 60	Ages 60 to 65	Ages 65 to 70	
\$100.00	\$3,000.00	\$ 5,000.00	\$16.05	\$18.30	\$22.80	\$26.30	
\$200.00	3,000.00	10,000.00	30.15	34.65	43.65	50.65	
\$300.00	3,000.00	15,000.00	44.25	51.00	64.50	75.00	
\$400.00	3,000.00	20,000.00	58.35	67.35	85.35	99.35	

Premiums will be billed half-yearly.

The top limit of \$400. monthly will be granted insurable risks, with impaired risks limited to \$200.00 monthly benefit.

**Although the age limit for acceptance of risks is the 70th birthday, once issued, there is no termination age limit for renewal.

If you are not now insured under the ASSOCIATION PLAN, communicate with the Trustee of the Policy Dr. Paul W. Zillmann, 29 Walden Avenue, Buffalo 11, N. Y., or with M. A. Gesner Inc. 150 East Superior St., Chicago 11, Ill.

Volume 27 • Number 2

Meet Our Monday Night Speaker HON. WALTER H. JUDD

Dr. Walter H. Judd, who will address the First General Session of the 89th Midwinter Meeting of the Chicago Dental Society on Monday night, February 8th, is now serving his sixth consecutive term as a member of Congress from Minnesota's Fifth Congressional District in Minneapolis. He is a nationally recognized authority on United States foreign policy and a member of the Congressional Committee on Foreign Affairs which shapes our foreign relief, recovery, rearmament and development programs. He is Chairman of the Subcommittee on The Far East and The Pacific. He is also a member of the Committee on Government Operations, charged with the continuing review of all expenditures.

During the presidential campaign of 1952, he was called upon by General Eisenhower to help map the Republican Party's program on foreign affairs and is now a close advisor to the President and the Department of State on foreign policy with special emphasis on our policy in the Far East.

Having lived ten years in China as a medical missionary, Dr. Judd is one of the few members of Congress who can speak with personal knowledge and unimpeachable authority of the sinister significance of what is now happening in

Asia and the Pacific. When he talks about Chinese Communism it is from his personal experience of having worked in areas under its control as far back as 1930.

Dr. Judd was born in the little town of Rising City, Nebraska. He worked on a farm every summer until he was graduated from high school; then worked his way through the University of Nebraska and Medical School by various odd jobs—washing dishes, managing a cafeteria, night telephone operator in a hospital, playing in a band on summer chautauqua circuits and teaching zoology at the University of Omaha.

He enlisted as a private in the United States Army during World War I and was discharged a Lieutenant in the Field Artillery.

In 1925, under the Foreign Mission Board of the Congregational Church, Dr. Judd went as a medical missionary to bandit-and malaria-infested South China. He survived the bandits and Communists but repeated malaria attacks during the six years he was there nearly killed him, and eventually forced his return to the United States.

After several months of speaking in churches and colleges warning about the menace of Communism and Japanese militarism, as both were expanding in

China, he received a fellowship in surgery in 1932 at the Mayo Clinic at Rochester. In 1934 he returned to Asia, this time to North China, where for four years he superintended a 125-bed hospital. He and his staff brought the hospital through a Communist revolution and the Japanese invasion and at the same time improved its status from 33 to 83 per cent self-supporting.

When Japan's armies moved into his area he was under their control for five months and saw things that made him feel it imperative that we stop building up the Japanese war machine. He came home in 1938 to carry that message to more than 1400 audiences in 46 states in two years. In January, 1941 he took up his medical practice in Minneapolis. After Pearl Harbor, many individuals and groups representing all segments of the community urged Dr. Judd to become a candidate for Congress from Minneapolis. He was elected in 1942 and has been re-elected every two years since then.

Just to list the legislation which Dr. Judd has authored, sponsored or campaigned for during his years in Congress would fill many pages. Here, briefly, are some of the more significant of his Congressional accomplishments in the field of America's foreign relations:

He campaigned for an international organization for peace in hundreds of talks throughout the country for four years before the U. N. was founded in 1945.

He authored the World Health Organization bill and International Children's Emergency Fund legislation and steered through Congress other legislation by which the United States participates in work of various other U. N. agencies.

He played a decisive role in the development of legislation for technical aid to underdeveloped areas—the so-called Point Four Program.

He set up the United States-Philippine Mutual Security Pact and was a delegate to the signing of that pact and the Mutual Defense Pacts with Australia and New Zealand in 1951.

He first made the proposals which were the forerunners of the Vandenberg Resolution for strengthening the U. N. through limitation of the veto and development of regional arrangements for self-defense, such as the North Atlantic Pact.

He was an original sponsor of legislation to encourage unification of Europe and was appointed a Congressional delegate to the Council of Europe in Strasbourg, France in November, 1951.

He wrote the legislation to remove the racial discrimination clauses from the United States immigration laws which were part of the law passed in 1952.

He has been sent as an official representative of Congress five times to Europe and three times to the Far East to study conditions and report to Congress and the Executive Branch.

He was the author of the legislation to furnish wheat to India and Pakistan.

This sort of encomium could go on for some time but we think we have sufficiently illustrated the one point this article is written to make clear: Dr. Judd is a smart, able and hard-working Congressman and what is even more to this point he is a clear, fluent and interesting speaker. The point is, you should plan to hear Dr. Judd on the Monday night of the Midwinter Meeting. Please stick this point into a spot where you will remember it.

Contributions to the A.D.A. Relief Fund may be deducted from your income tax. You can't give your money to a more worthy cause! Contribute to the A.D.A. Relief Fund!

I'd like to see you . . .

PRESENTATION OF FEES AND SERVICES

Presented at the official January

Monthly Meeting of the

CHICAGO DENTAL SOCIETY

ON PRACTICE ADMINISTRATION

The Boy Scouts of America

A Part of Our Community

We are happy to offer a salute to the Boy Scouts of America. Here is a movement that really reaches the boys of Chicago.

Right now more than 43,000 Chicago boys are learning the principles of self-reliance, personal responsibility, and faith in God and fellow man through the Scouting Program. Under the enthusiastic leadership of 13,500 trained, volunteer adults, these boys are enjoying vigorous outdoor adventure with goals worthy of our nation's youth.

Cub Scouting for 8, 9 and 10-year-olds is a "home-centered" program. It keeps the younger boy close to his family but provides a direction and recognition for his activities. Meeting weekly in Dens made up of his gang under the leadership of a Den Mother, each Cub completes his projects within his own family. These he proudly exhibits at his monthly Pack Meeting.

The familiar Boy Scout Program for boys of 11, 12 and 13 is designed to capture interest when boys are anxious to cut some of the family ties. Working in natural groups under a Patrol Leader, the Scout hikes and camps in the woods on his own. The Scoutmaster helps each boy learn by experience with his fellow scouts. Lessons in character, citizenship and physical fitness are caught, not taught, when a boy travels with this good gang.

The newest part of the Scout movement provides Exploring for 14 through 18-year-olds. High adventure in exciting places, using skills developed in Scouting, attracts young men to a well-rounded

program of civic service, social events, and out-door expeditions. Here the leader is more an advisor who helps the young man make decisions for himself.

There is no compulsion in Scouting. Every boy joins because he wants to get in on the fun and adventure. He stays only so long as he finds it. That there have been more than twenty-one million Scouts in America and presently over three million belong indicates that the boys like Scouting.

We, as adults, can see more than the adventure and fun in the Scouting program. The years between boyhood and manhood are short indeed to learn the lessons of a lifetime. Character, responsible citizenship, ability to work with others, and all the rest; these are the traits which will serve the Scout well. And they will serve the nation well, also.

We can have a part in extending the benefits of this Scouting program to even more Chicago boys. One way is to take a position of active leadership in an existing Scout Unit, or to help organize a new one. It is hard work, but full of rewards.

Another way is to help financially. Like every worthwhile thing, Scouting costs money. Training facilities, camping sites, program helps, records and the like are essential. But they are worth the price.

An ever increasing number of boys want to join the Scouts. Because of this, the cost per individual has dropped again this year. It only costs \$11.45 to provide a boy with a year of Scouting in Chicago.

Here is a preferred investment in the tomorrow of Chicago and the nation. Be a good Scout. Do your part.

Everybody's Coming to the Midwinter Meeting

Plan to join your fellow dentists at the Hilton

Lore galore for '54—and fun, too!

NEWS AND ANNOUNCEMENTS

LABORATORY OWNER PLEADS GUILTY

Judge Don B. Pioletti, Woodford County Judge, sitting in Cook County Court on January 5, imposed a fine of \$200.00 and a one-year suspended jail sentence upon a plea of guilty of violating the Illinois Dental Practice Act by one R. Carter, owner of the Watkins Dental Laboratory in Chicago.

This laboratory long has been suspected of practicing dentistry. After information secured by our Legislative and Law Enforcement Committee had been transmitted to the Department of Registration and Education, further investigations were made under the Direction of Mr. Leo Lowitz, Supervisor of Complaints. Evidence secured became the basis of a criminal action on the part of the State's Attorney of Cook County who was represented in court by Assistant State's Attorney Roman Stachnik.

The judge made very clear and stressed the point that since this was a first offense on the part of Carter he would suspend the jail sentence and place the defendant on one year's probation. This was done with a definite understanding that Carter would not violate the Dental Practice Act and that if a violation should occur during the period of probation he then would have to serve the full jail term of one year.

We feel that this case was handled in a most satisfactory manner by the Department of Registration and Education and the State's Attorney and that Judge Pioletti made a fair and just decision.

ALPHA OMEGA MEETING

The Alpha Omega Fraternity will hold its January meeting on the 20th at Alliance Francaise, 410 S. Michigan Avenue, at 8:30 p.m.

LOYOLA '21 LUNCHEON

The Class of 1921 of the Loyola University School of Dentistry will hold a reunion-luncheon at the Blackstone Hotel on Wednesday, February 10, at 12:00 noon. Be sure to take advantage of this wonderful opportunity to see your old friends and classmates.

LOYOLA CLASS OF 1914 REUNION DINNER

The members of the Class of '14 of the Chicago College of Dental Surgery, Loyola University, will celebrate their 40th year since graduation at a dinner in the Columbian Room of the Congress Hotel on Tuesday, February 9, at 6:30 p.m.

Call Dr. Arno Brett, TOWN Hall 3-1634, for advance reservations.

DON'T BE A NO-SHOW

One of the favorite fall sports among our members is making advance reservations in hotels for the Midwinter Meeting and then failing to show up. If this is one of your favorite sports please get over-trained and drop dead. It is a source of inconvenience and hardship to a lot of men who can't get reservations for themselves and their families or have to get them in a distant hotel instead of one of those in the Loop.

If you are not going to use the room you have reserved, drop the hotel a note or tell the dental society office. This will permit the assignment of your room to some other dentist anxious to attend the Midwinter Meeting.

Don't be a "No-Show"—tell somebody if your plans are changed—even a postal card (two cents) will do the trick!

FAR WEST SUBURBAN ROUND TABLE MEETING

The members of the far western suburban districts of the West Suburban Branch will hold a Round Table meeting at Freiden's, Madison Street south of 55th in Hinsdale, on January 21 at 7:00 p.m. Dr. Wallace N. Kirby will speak on "Practice Management."

ILLINOIS ALUMNI ANNUAL LUNCHEON

The Dental Alumni Association of the University of Illinois will hold its annual luncheon on Wednesday, February 10, at the Conrad Hilton Hotel, in connection with the 89th Midwinter Meeting of the Chicago Dental Society.

Dental alumni of the University also will maintain a hospitality room on the fifth floor of the Conrad Hilton Hotel, starting Sunday, February 7, and continuing through Wednesday, February 10.

CASE REPORT: INFECTIOUS HEPATITIS FROM EXTRACTION ELEVATOR PUNCTURE

One of our members has been very sick as the result of an accident while extracting a tooth. A bloody elevator stuck one of his fingers and this apparently was the site of entry of the responsible organism. After an incubation period of six weeks, the onset of the disease was sudden and severe. Remembering the patient and the accident, investigation showed that the patient had had the disease while in the Army. Fortunately, the use of gamma globulin not only lessened the severity of the hepatitis, but prophylactically prevented the spread to the dentist's family.

The report of this case is therefore threefold in purport: To caution the profession about accidental cuts and scratches; the need of the maintenance of thorough records and case histories; the use of gamma globulin in the treatment of infectious hepatitis.

HYPNODONTISTS MEET IN FEBRUARY

The Chicago Academy of Hypnodontia is to hold an open meeting during the Midwinter Meeting of the Chicago Dental Society. Any A.D.A. member interested is invited to attend. It will take place from 7:00 to 9:00 p.m. in Room 14 on the Fourth Floor of the Conrad Hilton Hotel. The date is February 9th.

The Academy hopes that all of those interested in this interesting adjunct to dental practice will accept their cordial invitation to attend this meeting. Dr. Philip Ament, a Buffalo, New York, dentist will speak on "Hypnodontics." Dr. Ament, together with his physician-wife, has used hypnosis in his practice for over twenty years and now treats eighty to eighty-five per cent of his patients without the use of clinical anesthesia including such surgical procedures as impactions and alveolectomies. He has lectured and taught his procedures widely in the east, always with the approval of his local dental society.

The Academy feels that Dr. Ament has a vital message for all those interested in hypnosis as a psychological aid to the practice of dentistry.

LOYOLA ALUMNI EVENTS

The Alumni Association of Loyola University School of Dentistry invites all alumni to the Annual Cocktail Party during the Chicago Dental Society's Midwinter Meeting. It will be held in the West Ballroom of the Conrad Hilton Hotel on Tuesday, February 9, from 4:30 to 6:30 p.m. All alumni are urged to take advantage of this opportunity to visit their classmates, alumni friends and faculty.

Alumni headquarters during this meeting will be in Room 512-A of the Conrad Hilton. All alumni are welcome! Drop in any time for a "hello" and a chat with visiting alumni present.

The Annual Homecoming scientific and table clinics sessions will be held on

(Continued on page 29)

Regular Meeting of the Chicago Dental Society

December 15, 1953

Conrad Hilton Hotel

A motion was made to dispense with the reading of the minutes of the November meeting. It was seconded and approved. A motion was made to approve the minutes of the November meeting as published in the December 1st issue of the FORTNIGHTLY REVIEW. Motion seconded and carried.

There were no reports of boards and standing committees.

President Ebert read a letter addressed to him by Dr. Leo Kremer urging the Chicago Dental Society members to subscribe to the Relief Fund of the American Dental Association.

Dr. Ebert complimented the 50-year practicing members of the Chicago Dental Society on their past achievements. This was part of a commemoration program in presentation of certificates and pins by the Illinois State Dental Society to the 50-year practitioners of the Chicago Dental Society.

Dr. Ebert then introduced Dr. James E. Mahoney, President of the Illinois State Dental Society. Dr. Mahoney said in part of his talk, speaking to the 50-year men: "It is never easy to live a successful life. The percentage of human beings who manage to do it is always small, but to live a successful and full life for almost three quarters of a century is a triumph."

President Ebert called on Dr. Fred Gethro to respond for the 50-year men. He was very grateful for the opportunity to appear before the Society and thanked the officers of the Illinois State Dental Society and the Chicago Dental Society for their effort to recognize and honor men who had been practicing 50 years or more.

Dr. John E. Nyman, the oldest practicing dentist in the Chicago area, 84 years to be exact, responded with a few words of thanks to the Illinois State

Dental Society and the Chicago Dental Society.

Dr. Robert Kreiner was then introduced by Dr. Ebert. He was the chairman of the subcommittee to study the new constitution. Dr. Kreiner read the report of his committee and made the following recommendations:

1. Eliminate the House of Delegates.
2. Change the geographical structure of State committees.
3. Employ a full-time executive secretary.
4. Move the State central office to the capital city of Illinois.
5. Return the election of our officers to the membership.
6. Return the power of amending the constitution to the members.
7. Permit the secretary and treasurer to have the power of voting in business sessions of the Executive Council.
8. Permit the election of delegates to the A.D.A. by the membership.
9. Change the fiscal year to run from June 1 to May 31.
10. Retain the new constitution idea of installing State officers at the annual meeting.

It was moved by Dr. Robert Pollock and seconded by Dr. Harold Hayes to accept these recommendations in their entirety.

A great deal of discussion ensued with Drs. Bradel, Elman, Pollock and Hillenbrand participating, addressing their questions to Drs. Oppice and Zielinski, who were co-members of the committee to study the constitution. They also addressed questions to Dr. Kreiner.

Dr. Hillenbrand pointed out the advantages of the House of Delegates of 60 men rather than 13. He brought out the fine way the House of Delegates of the A.D.A. functions and the several states that have changed over to this system where it is functioning satisfactorily to the constituent members.

This was an open meeting and every-

(Continued on page 23)

NEWS OF THE BRANCHES

NORTH SIDE

The members of the North Side Branch are to be complimented on their fine turnout for the annual Clinic Day on December 9th. The registration of 300 dentists during the day attests to the interest of our members and to the excellence of the program offered. A number of men from the other Branches were in attendance, with a group coming from as far away as Milwaukee. The day was climaxed by the dinner in the evening, when 150 members and their wives and friends were present for the presentation of certificates to the men who have been practicing dentistry for twenty years or more. Mr. Leo Lerner's talk on "The Dentist and the Community" was appropriate for the occasion. Chairman LeRoy Levey, Vice-Chairman Stan Goldberg, and the other members of the Clinic Day Committee are certainly due the thanks of the Branch for the wonderful day they provided for us. . . . A card from Leon Rosenfeld extends his "best wishes to the boys of the North Side Branch from across the many miles here in Hanau, Germany." Leon's present address is—Lt. Leon Rosenfeld DC, USNR, 765 Med Det, APO 165, C/O PM, NY, NY. . . . Harold Gerstein worked so hard on the Clinic Day Committee he needed a vacation over the holidays. . . . Warren Gerber, another member of the Clinic Day Committee, made a trip to New York for his vacation. . . . Congratulations to Carl and Mrs. Sudakoff on the birth of a son. . . . Ray Bardis has opened his office at Clark and Granville. This announcement may be a few months late, but we still wish you success, Ray. . . . Congratulations to George Matsumoto on his promotion to Assistant Professor of Anatomy and Histology at Loyola University Dental School. . . . Another promotion—George Winograd is now a Colonel in the Army Dental Corps Re-

serves. . . . For Mel and Mrs. Zinser, New Year's Day is more than just the beginning of a new year, it is also their wedding anniversary. . . . President Bill Osmanski participated in the Chicago Bears Alumni reunion dinner at the Edgewater Beach Hotel. . . . Correction—the North Side constitution as mentioned in the December 1st issue of the *FORTNIGHTLY REVIEW* should have stated that the Nominating Committee is composed of the Board of Directors and three men appointed by the President. . . . The next North Side meeting is in March, but don't forget to mark your book in February for the Midwinter Meeting.—*Frank Hanagan, Branch Correspondent.*

SOUTH SUBURBAN

It certainly was encouraging to see so many members attending our December meeting. The turnout was over 50 per cent of membership. I'll bet there isn't another dental group in the Chicago Dental Society that can boast of such an attainment. Programs? Yes, we have the best. Kenny Washburn is doing an excellent job, but above all the fellowship can't be beat. If you have had a tough day at the office and wished you never saw another patient, you will find willing ears to listen to your troubles. Our program on Investments was received with great enthusiasm. I'm sure the Stock Exchange bristled with activity the following day. I won't mention the good buys but all those who attended could impart the information to you. . . . Herman Gornstein moved into new quarters the first week in December. The moving must have been too much for him because he left for Miami a few days later to rest up until some time in January. . . . Glen Eberly has the fever, too. He expects to enjoy new facilities around Feb. 1. . . . Len Holt added a new patient

to his long list. He's acquired a son-in-law Dec. 19. . . . LeRoy Rowland reminds us to give generously to the Dental Relief Fund. The wife you save may be your own. . . . So much for now.—*P. P. Jagmin, pinchhitting for H. C. Gornstein, Branch Correspondent.*

ENGLEWOOD

Ah me, a nice quiet evening at home. Me mudder-in-law is wrestling at Rainbow tonight; the Battle-axe is seconding her; Joe is dividing his attention between his train and the TV. Me, I just finished the can of Pard that the War Department left for my dinner, so let us gossip? . . . Called Francis O'Grady to find out how he spent New Year's Eve. Frank allowed as how he had whupped up a mess of shrimp de Jonghe which he then took to a house party. He and his host spent much of the evening playing chess! Francis! You, rascal, you! Francis was getting in check oftener than a tout's watch, and at one point in the game reached for his king's knight. His youngest was following the moves with keen interest and a violent shaking of the head indicated to Pa that that was *not* the move to make. Well, Frank won the game as a result of the warning and then asked Young Hopeful in an aside just why the knight had to be left where was. "'Cuz he hadn't finished eating yet," sez Y.H.! . . . Ed Scanlan told with considerable pride that he had presented Ma Scanlan with a hostess gown on Christmas Day. Something new, sez Ed, plaid rabbit. Shucks, guy, nothin' new about *that*. Why, I've been seein' plaid rabbits ever since Lucas introduced me to Southern Comfort. . . . Glen and Elba Walden enjoyed their Christmas dinner at his brother Bill's lovely place out north. Brother Bill cooked the hul dern feed all by himself! . . . Friend Sorley spent Dec. 18th-Jan. 4th in Aspen, Colo. . . . Ed Werre was in a hurry to get at Florida's finny finery so flew there with a reported two tons of gear. Results unknown as yet. . . . Paul Kanchier is a lonesome guy now

that his kids have gone back to their schools after the holiday visit. The dog tries hard to be good company but sez Paul, "Somehow it just ain't the same." Paul, Jr., is a student at Howe Military Academy, and his sister Barbara is at Northwestern. . . . Bill Shippee was kind enough to help Paul drown his sorrow by inviting him and Gus Solfronk to son Bob's wedding on Dec. 26th. The champagne corks flew an' bubbles bubbled an' everythin'. . . . His second granddaughter was excuse enough for Gus Solfronk's trip to Florida, so off he flew on the 27th of Dec. . . . I don't know what Dan Duffy's alibi will be for his coming trip there, but then, does one really need to have an alibi? Dan'l, this plug will cost you exactly one case of grapefruit. Ed Werre did as much for Kanchier recently, and Paul ain't writ a line in this column for two years. . . . New Year's Eve made *me* feel awful old. I too went to a house party, and played some three-part Bach violin stuff with my host and his daughter (also home from college). Golly, seems such a short time ago that she was crawling on the floor upsetting our music stands. . . . We want to welcome Durwood Hattendorf back to the fold. Bought a home out 84th-ish and is back on the job at 657 W. 79th. . . . Also a warm welcome, A. L. Berry, to Society ranks, and we hope that you will become a regular Englewooder-er. . . . Ken Baker (stationed at West Point) was in Chicago recently. . . . "A. G." Person got a 35 mm. camera from Santa, so here we go again! . . . "Editor" Brooks was caught buying a film editor with which to hitch up *twenty years* of work! Some of these guys just can't wait to see what they have shot, no? . . . On December 8th, seven of Englewood's finest officially became what their wives have been telling them they have been for years—Old Timers. "Dean" Tom Fleming introduced John L. Heinz who in turn acted as spokesman for the inductees. Jerome Robbins, H. T. Debski, Bernard Lapp, Emil J. Coglianesi, Nelson D. Hoyt, and Rudolph G. Zerdun received their diplomas from Tom Fleming. The evening was a great

WIN OVER POLIO

JOIN THE MARCH OF DIMES

COOK COUNTY CHAPTER / NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

Local poster boy for the 1954 Cook County March of Dimes campaign, to be held January 2-31, is Bobby Michiels, 6-years-old, who was stricken with polio in September 1952 along with his mother and father. Bobby's mother died last August and his dad, Dr. Thomas A. Michiels, a dentist, is still in Columbus Hospital. Through March of Dimes contributions, the Cook County Chapter of the National Foundation for Infantile Paralysis has been able to provide care for the Michiels family and the hundreds of others stricken with polio in Cook County. Send your returns to the March of Dimes headquarters, 111 W. Jackson.

social success, being graced by the presence of many distinguished men of the profession, among whom were President Elmer Ebert, Edward Luebke, Oom Karl Richardson, Mr. Edgar Stephens, and Col. Sam Haven, Chief Dental Officer of the 5th Army. Chas. Coffey sent regards from Florida, Dr. Knapp from Calif., Dr. Franklin (an 84-year-Old Timer) from Lakewood Park, and we had word from Dr. Clemmer and our own dear Milt Cruse. Howard Strange and John McBride spent the evening with us too. You who did not attend missed the boat. There was hell toupee when the magician tried to raise hare on Dick Valentine's knob! AND don't ask Ralph Rudder what time it is—PLEASE! Hey, Dr. De La Rau, Frank Farrell insists that you "clear" any further remarks through him. . . . T. J. McCarthy has added a second cluster to his Grandpappy Medal. . . . I am very sorry to tell you that Stan Pacer's brother

Bill passed away on Dec. 3rd. Burial services were held on the seventh. . . . Dr. and Mrs. Medsker left for Norfolk, Va., on Dec. 23rd and will be back with us "sometime in 1954." Very nice! . . . Harold Hayes has spent much of his spare time (and \$500.00) laying tile in his bathroom. . . . Bill Ziervogel will be happy to see or hear from you fellows now that he is "at home."—*Local 602, Despondent.*

NORTHWEST SIDE

This business of writing a column during the break between Christmas and New Year's is a task for the hardy. The fingers go one way, but the mind is hundreds of miles away. Should have been at the Waldorf in New York, attending a fraternity convention but instead, here I am writing away. But such is life; maybe next year. . . . Joe Ulis was much smarter.

Illinois Dental Hygienists' Association Conrad Hilton Hotel

- 3:00 p.m. President's Tea — Room No. 10

His holiday address is Florida. . . . Ran into E. Victor, he of the Chicago Academy of Hypnodontia, at the North Side Clinic Day. He gave quite a blow-by-blow of the Hypnosis presentation at the North Suburban Clinic Day. Apparently hypnosis is one of the arts that is going to be used more and more all the time. With the enthusiasm that it engenders among the members of the Academy, official recognition should be on the way, and soon. . . . It does one's heart good to pound out this stuff, and feel that it IS going to be read. There was at least one reader of the column, Dec. 1 issue. This reader took umbrage at the use of the expression "Bread and Butter Dentistry" and felt that the tradesman approach might be done away with. A noble idea. If we dentists would only start getting paid for what we knew, instead of the fanciness on a denture determining the fee, we would all rise in the estimation of our fellowmen. How many of you

noticed that in that Health Forum sponsored by the *Chicago Tribune* there was no mention of dentistry in the health scheme of life? Why not express yourself? Drop them a line and wonder why. . . . The holiday season was being enjoyed by Leo Dolan who is recovering from surgery. . . . Comes to hand a note from one of our senior members. Aaron Chulock has given up active practice, but would be glad to help during a vacation period for any of the members who might want such a lift. . . . A Christmas card from Lt. Col. Lucien Kochanski in Japan. His address, if you might want to write, is 6407 USAF Hospital, P.M. San Francisco, APO No. 323. . . . It is sad at this time of year to report the loss of Walter Droberg and Herman Waldman, both having been members of the Northwest branch for a long time. To their families we offer the condolences of the branch. . . . To Ed J. Kiwala, sympathy on the loss of his mother. . . . It is a matter of

Chicago Dental Society

timing that keeps us from being able to talk about the January meeting, this meeting being held on the second Tuesday which is January 12, and precedes issue date for this column. Some day we will be able to take full advantage of these columns in the FORTNIGHTLY for advertising purposes. However, the return to Stella's Restaurant for the balance of the year's meetings has received favorable comment. . . . We are sorry to hear that Morris Bernards is at Norwegian American hospital. . . . Bob Juel got back into town from a Florida vacation just in time to meet that last snowfall. . . . That strip of mink that Sandy Litturi is wearing these days is a Christmas gift. She has been spending a day a week at the dental school, just to keep up with the latest in dentistry.—*Ben Davidson, Branch Correspondent.*

NORTH SUBURBAN

Merry Christmas and Happy New Year to all you members from all the officers of North Suburban and from your correspondent. I didn't get to put that in last time because I was "cheated" out of writing a column, so it is a bit belated. By the time this issue goes to print our January meeting will be history but it sounds real good. By popular demand, Dr. William T. Heron from Minneapolis is going to speak on Hypnosis. More about it in the next column. . . . The holiday season is about over and we'll all be back to the grind—no more of these nice long three or four-day weekends. Not all of us though—Davies Lazear is leaving soon for a few months in Florida. Of course, he will have his son Bill to keep things going in the office. That sounds like a real good deal and I think I'll have to start preparing my boy now but that's a long way off. . . . Adrian Swanson went back home to "old county" of South Dakota at Thanksgiving for a family reunion. Ask him how he likes train rides with the kids. His parents are now here to spend the holidays with him. . . . Waldo (Grandpa) Urban made news

again—this time he has a grandson. Congratulations! . . . Bill Murray was in New York over Thanksgiving weekend to see Mrs. Murray's daughter and the old traveler, Stevie Stephenson, has been in the East twice recently—once to Washington and Bethesda to see his boy Tom and once to see the family in New York State. . . . The report is being spread around that Jim Keith has been giving some of the younger men some bowling lessons—with very gratifying results. In other words, Jim has been taking their money away. The man spreading this rumor was none other than Jim Keith himself, but I'm afraid it is true. . . . I also heard that one of our members, who is a pillar of the Church, dropped the collection plate as it was being passed during the service last week. I wonder if he was trying to get change? . . . Charlie Freeman has been having a lot of parties to show off his lovely new home during the holiday season. Seems to be keeping him busy. . . . Bob Fleming and his wife, Pauline, were back in town for a week. Bob is stationed at a naval air base near Washington, D. C. He likes the navy life, particularly the hard work and long hours. Must like the food too as he has put on some weight. . . . Speaking of weight, have you noticed how downright "skinny" Pinky Stine has become recently. He is real proud of himself and well he should be. . . . Milt and Mrs. Dawson had a second child recently—a boy, so now there is one of each. Congratulations, Dad. . . . Bob Jans has been forced to move into larger quarters so he bought a nice home out west in Highland Park. The house is already full. . . . Jim Plants has a new job now—sounds very important. He is the representative of the Dental Alumni Association to the University of Illinois Alumni Association. . . . Bob Kent of Wilmette has been seen sporting about in a new Cadillac recently with a great big smile on his face. . . . Hal Chason has been away so much he doesn't even know his office address any more. While down South recently, he sent some pecans to the office and addressed it as

NEWS OF THE BRANCHES

(Continued from page 18)

708 Church St. instead of 636. So one of his neighbors had a sign on the door for him when he returned—"Moved to 708 Church St." Of course, Hal hasn't had an office over there for fifteen years or more. It must be one of three things—having too big a time down South, getting old, or being away so much. . . . Al Parcell has recently acquired a dog, so big he eats the food right off the table—got to keep a close watch on the butter these days. A wag of his tail will knock over any of Al's children. . . . We'll be seeing all of you at the big Midwinter Meeting in February. It's been a long, long time since I've received any cards or phone calls about news from you fellows. PLEASE!—*Arthur G. Freeman, Branch Correspondent.*

WEST SUBURBAN

The Round Table meeting held on Monday, January 4th, was another bell-ringer. Ask the men who were present—with great enthusiasm they will reveal that the topic was appropriate and the speaker qualified in every respect. Mr. Tom Hoehne discussed "The Dentist and the Law" and held the undivided attention of the better than fifty members who were present. Since the Chicago Dental Society will hold its Midwinter Meeting in February there will not be a Round Table meeting in that month.

However, on March 1, on Monday noon at the Oak Park Club, Dr. Robert Fosket, Professor of Oral Radiology at Northwestern University will discuss "Interesting Phases of Oral Roentgenography." You are invited to make reservations by telephoning Bill Sisson at EUclid 6-6518.

. . . During its monthly meeting on December 15th the Chicago Dental Society made possible the public honoring of its members who have practiced 50 years or more. Illinois State Dental Society President Mahoney, of Wood River, who initiated the idea, presented certificates and a gold pin to each of the men. The West Suburban Branch counts 17 among its membership who have completed this extraordinary feat of still being in practice after 50 years. Some of these men are: Drs. Bryant, Fellman, Hewett, A. J. Anderson, Baumrucker, Clendenen, Gibson, Hay, Hare, Simmons, and Stephan. Together this totals up to more than 850 years of service to the profession! Bravo!

. . . The next evening meeting will be on March 9th at the Oak Park Club. Jack Opdahl has another sparkling meeting all set. In addition, this will be the evening of election of new officers. The nominating committee has announced its recommendations which are as follows: President, Lyle McNamara; President-elect, Richard Anderson; Vice-President, Edward Kritzke; Secretary, Wallace Kirby; Treasurer, Howard Buchner and Librarian, Olaf Opdahl. . . . Dr. Don Wilkin has been released from the armed services and will resume practice in Rock Falls, Illinois. Navy Lt. Harvey A. Wittke

NOTICE FOR MEMBERS

Use the form below on your office door to advise your patients that your office will be closed during the 1954 Midwinter Meeting.

This office will be closed all day Monday, Tuesday,

and Wednesday, February 8-10. Doctor is attending

the 1954 Midwinter Meeting of the

Chicago Dental Society.

received the Bronze Star in ceremonies held recently near Yang-Gu, Korea. He was cited for meritorious service as a dentist in Headquarters Company of the 45th Division's 120th Medical Battalion. His wife, Lois, and three children live in Riverside. . . . Art Skupa has been ill since early in December but is well on the way to a complete recovery. . . . The Far West Suburban Round Table (formerly Burlington) will hold its first scientific meeting at Freidens, Madison near 55th Street in Hinsdale, on January 21st at 7:00 p.m. All are invited to attend and to start the group off with a bang. Congratulations, gentlemen. . . . Dr. and Mrs. L. O. Wistain have announced the engagement of their daughter, Joan Ruth, to Joseph V. Sanek. The couple plan to be wed in February. . . . We regret to announce the untimely death of one of our most beloved former members. Dr. Henry P. Westaby passed away on Tuesday, December 1st, at St. Luke's hospital in Tryon, North Carolina. He had been suffering with severe osteoarthritis for

six weeks before heart failure took his life. H. P. was born April 11, 1888 at Madison, South Dakota, and was the son of the S. G. Westabys. He graduated with honors from Northwestern University. He married the former Gertrude Colburn in 1921 and practiced dentistry in Madison where he was born. He practiced here until 1928 when he took the position of chief in organizing the dental clinic for the Amalgamated Clothing Workers in Chicago. In the late thirties, he resumed private practice at 1011 Lake Street in Oak Park where he practiced until 1950, concluding 33 years of service to his profession. After retirement, he and Mrs. Westaby moved to Columbus, North Carolina. He became active in the public dental clinics of this town and was instrumental in the improvement of the public health department as a member of the Chamber of Commerce. He is survived by his wife, Gertrude, and one daughter, Mrs. Whitson Edwards of Tryon, North Carolina. He had one sister, Mrs. Edward Rashdorf, and one

brother, Dr. I. R. Westaby, both of Madison, South Dakota. H. P.'s son, John, was lost in the South Pacific during World War II. Funeral services were conducted on December 3rd and burial took place at Mill Spring, North Carolina.—Anthony J. Malone, Branch Correspondent.

KENWOOD-HYDE PARK

May your holidays have been the best ever, and may the spirit have been from the heart and not from the bottle. . . . Our Dec. meeting was one of great interest and you guys that were too darn indifferent sure missed a good meeting. How about being charitable and giving two evenings a month to yourself. These meetings are not for the people that give them you know, they are for you and the least you could do for yourself is to attend them and see just how much you can get out of them. There is one advantage in just a few being there and that is that those present get more out of the talks. . . . N. A. Stone is very ill at the Columbus Hospital, room 620. Those of you that know Dr. Stone, drop him a card or two just to let him know that not only his family think about him. . . . It seems that Harry Hartley was not at the last meeting and I was about to throw barbs at him, but we found out that he had a good reason for not being present. Thirty years ago he and Mrs. Hartley took the big step and promised to honor and obey, etc. We extend belated congratulations and hope that

they may have many more years together. . . . The report has it that the reason for the poor turnout last meeting was because of so much sickness, and from what I have heard that seems to be the case throughout the city. . . . It was told that Otto Mast is going to leave us for the slower speeds of the country in his hometown. We are going to miss Otto even though he claims that he will be back from time to time, but it is a smart man that can get into a slower pace and take life easy. The best of everything is our wish for you. . . . I am glad that some people get news first hand because I find that a guy will not tell anything about himself and I get it from others, so let us know what you are doing before someone else tells us. . . . Bob Appleman has been given the job of Program Chairman for the American Denture Society. Give them good programs so that they will know where you come from (Kenwood as well as C.D.S.). . . . Englewood has been having a special program each year called OLD TIMERS' NIGHT and they have a fine time; how about other branches having the same? . . . For you guys that went to C.C.D.S. the report has it that the homecoming program is just about finished and that they are going to have some P.G. courses that will be easier to get and you can get credit for the American Academy of General Dentistry. Al Knab and John McBride have just finished a course in Public Speaking, something that wouldn't hurt any of us. There are a lot of us that have said we would like to take some extra work in

relearning what we are doing, some of which would really do us a lot more good than we realize. Since other groups go back to school, why don't we and get the cobwebs out of our hair so that we can do a better job for our patients. . . . J. A. Link has moved from Stony Island to the new building at 8501 Cottage Grove and from the reports, he is doing very well. The best of luck on your new venture, but a word—be careful of the traffic, we hear that are a few wild drivers over there.—*Warren H. Lutton, Branch Correspondent.*

WEST SIDE

Hi! Along with the droopy, dejected Christmas tree and shattered toys; broken New Year's resolutions and the shopworn Christmas spirit, too, have been relegated to the ignominious refuse heap. The splurge of magnanimity evoked by the happy Yuletide has showered down an avalanche of surprisingly large bills. Then for the *coup de grace* our not-so-silent partner demands his final cut of the take for '53. It does not take long for the Christmas veneer to wear thin and grim realities to glare through: The past is so definitely beyond revocation, but be of good cheer. It was exhilarating while it lasted, and we have before us a vivifying year filled with bright potentialities. Do garner for yourself a large measure of all the fine things in life throughout 1954. . . . As the mercury in the thermometer plays around the low numbers and the sleet, ice and snow skid us around, many

of our members scatter off in search of diversion in more amicable climes. When George Barnes' ulcer started hollering out loud he dashed off to Lake Worth to get away from it all. After just three days of lolling on the beach George said he again was able to enjoy food. After three weeks he returned feeling chipper and a pictorial testimonial to the therapeutic value of the Florida sunshine. . . . Early in January Jesse Owen took off for Miami Beach to spend five or six glorious weeks just a-fishin' and a lazin' in the sun. . . . Stan Sherman left before the holidays with a wintery pallor and returned shortly after the first of the year sporting a classy coppertone tan. Stan spent three weeks promenading at the ultra-fashionable Promenade Hotel at Miami Beach. . . . Joseph S. Gorman is not a very robust sort of a man, rather on the short and slight side, but what he lacks in size he more than makes up for in that good old Irish courage. Recently one night, while walking home from his office, a thug pounced out of a dark doorway on Monroe Street and proceeded to strong-arm Joe. With flaying fist, kicking feet, and bellowing lungs Joe routed his assailant and chased him to a car in which he escaped with a waiting accomplice. They will never catch Joe again without his shillalah. . . . A pseudo patient pre-emptly barged in on George Hochman late one afternoon and with the aid of a vicious knife proceeded with finesse to painfully extract twenty-five dollars and a valuable wristwatch from the bewildered George. Whenever George thinks of that big

pointed knife at his throat and the wild hopped-up appearance of his assailant he feels rather lucky at that. . . . When the birds come back and start nesting, Elliot W. Alpern will build a ranch-type nest for his brood on his spacious lot in Skokie. . . . Congratulations to Daniel M. Laskin who was appointed Associate Oral Surgeon on the attending staff of the Cook County Hospital. In Dec. Danny lectured on Oral Surgery before a large enthusiastic group in Green Bay, Wis. . . . We do not know whether it is because of the wonderful life of married bliss or just Charlene's luscious cooking, but newlywed Irv. Robinson is off to Oakton Manor to stew in the hot mud in an attempt to get rid of that saftick look. . . . Dr. Rudolph D. Bostelmann was the only West Side member of the elite group of fifty-year practitioners presented with certificates and lapel pins by the Illinois State Dental Society in fitting ceremonies before the C.D.S. December meeting. Graduating from Northwestern University in 1897, he has practiced ever since in the immediate vicinity of his present location at 2059 W. 21st Street. Handsome, erect Dr. Bostelmann's virile appearance belies his eighty years. Life has been rich, full and happy for Dr. Bostelmann, but tragedy struck when his son, an army Major, returning from the Aleutian Is., was lost in an airplane disaster. Two daughters, a daughter-in-law and seven grandchildren he proudly cherishes as among life's richest blessings. Full of zest for life, Dr. Bostelmann bowls and plays golf regularly and is off fishing

whenever he can. At present, he entertains no thoughts of retiring but would like a young associate to take over some of his practice so that he could devote more time to hobbies and the great outdoors of which he is an ardent disciple. The West Side branch extends to Dr. Rudolph D. Bostelmann our most sincere admiration and congratulations for his more than fifty-six grand years of meritorious service to humanity in the field of dentistry. . . . Harold Epstein, after several postgraduate courses at various schools, sailed through the specialty board with colors high and is now a fully accredited specialist in endodontia. Congratulations, Harold! . . . The December Branch Meeting was another enjoyable one of the caliber and tempo for which the West Side is becoming famous. A gay friendship hour, a sumptuous steak dinner, and an excellent speaker added up to a top evening of fellowship and edification. Dr. John A. Kollar, Jr., presented a very graphic movie and a highly informative discourse on "Problem of Occlusion in Periodontal cases." A highly informative discussion ensued. . . . That gay Lothario and life of the party was missing from the round of cheery holiday parties. A touch of pneumonia with sundry complications hospitalized Maurice Perlin and took him out of circulation just when fun was rampant. We missed you, Maurey, and are glad for your speedy recovery. . . . We are expecting to see you at the Midwinter Meeting at the Hilton Hotel, Feb. 7-10. Be there!—*Adolph F. Stark, Branch Correspondent.*

NEWS AND ANNOUNCEMENTS

(Continued from page 11)

Wednesday, April 28, at the College Building, 1757 W. Harrison St., Chicago. The annual banquet will take place at the Congress Hotel the same Wednesday evening. As an accurate reminder, we suggest that each alumnus mark this in his appointment book NOW and thus prevent missing one of the important events of the year.

Be present at the above-mentioned activities. We feel certain they will refresh you in mind, body and spirit.—
Boles G. Gobby, Publicity Chairman.

XI PSI PHI FRATERNITY ELECTS NEW OFFICERS

Tom Starshak, Editor of the Chicago Alumni Chapter of Xi Psi Phi, informs us that at the November meeting the following officers were elected: Joseph C. Ullis, President; William F. Ford, Vice-President; George E. Fleming, Secretary; Donald G. Wise, Treasurer and Boles G. Gobby, Custodian.

At the same meeting, plans were made for the Zip party to be held Sunday, February 7th, in the West Ballroom of the Conrad Hilton Hotel.

NORTH SIDE ASSISTANTS JANUARY MEETING

The North Side Dental Assistants Association will hold its next meeting on January 28 at the Villa Sweden, 5207 N.

Assistants interested in forming a study club, drop a card to Miss Mary O'Donnell, President, Room 203, 708 Church St., Evanston.—*Mary Lou Borre, Publicity Chairman.*

DIXON B. KEYSER

Dr. Dixon B. Keyser, a member of the Englewood Branch of the Chicago Dental Society, died October 6 in Evangelical hospital. He was graduated from Northwestern University Dental School in 1907 and had practiced on the South Side for 45 years before his retirement in October of 1952. He was a past-treasurer of the Englewood Branch.

We offer our sympathy to his widow, Blanche, and two sons, Edward A., and Dixon B., Jr.

design and dentistry

Nature, in her most perfect form of design, achieves an admired symmetry, a harmony of components with their whole, and a resulting natural beauty which, though often imitated, is rarely equalled, but never surpassed.

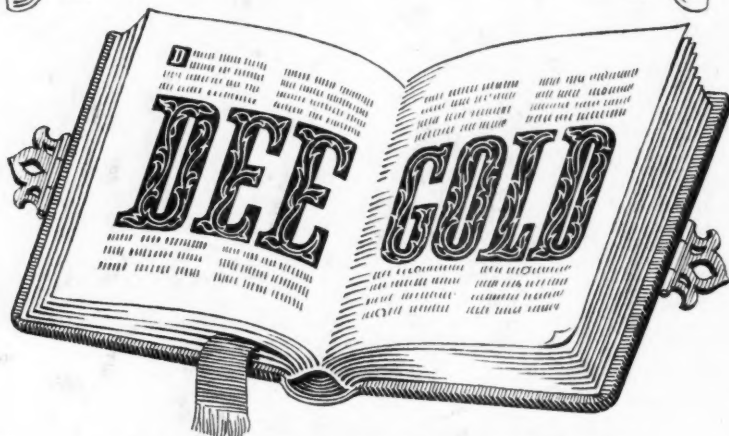

Trubyte Bioform Teeth follow Nature's own principles of design. The forms of Trubyte Bioform Teeth are the result of careful and prolonged study of thousands of extracted natural teeth, hundreds of skulls with good dentition and hundreds of patients. They are truly representative of the appearance of beautiful natural teeth. Each form has been carefully selected for its size and proportions, approximate outline form and pleasing labial characteristics. Labial markings vary in type from one form to another. No two forms in any classification are identical even in outline. No pattern has been followed beyond that provided by Nature.

Trubyte Bioform Teeth are in harmony with all three dimensions of the face—outline form, profile and cheek planes. They form the basis for a system of tooth selection which assures an esthetic result never before attainable. They enable every dentist to attain a new degree of excellence in his prosthetic work.

THE QUALITY OF

IS A MATTER OF RECORD

The records of Dentists, Laboratories, and Dealers, *everywhere*, and through generation after generation, pay tribute to the performance of Dee Gold.

DEE GOLDS owe this longstanding nation-wide acceptance to the science of their compounding, to the unfailing dependability of their quality, and to their proved high performance in every phase of modern dentistry requiring a supporting element of metal.

The family of DEE GOLDS is complete to the extent that you may choose a type specifically compounded to meet every individual requirement . . . including that of economy.
